WYOMING YELLOWSTONE NATIONAL PARK BACKPACKING TRIP

LET US MAKE **YOUR** TRIP A REALITY

Our expert guides will curate this trip to meet your group's needs for an unforgettable experience

AN AMERICAN TREASURE

Yellowstone National Park, our first national park is a true marvel to behold; visiting Yellowstone is like stepping into another world. Yellowstone offers truly unique experiences like spectacular hiking trails, beautiful views, Old Faithful, and geysers shooting water 100 feet into the air. Established in 1872 and located primarily in Wyoming, Yellowstone National Park was America's first national park. To this day, Yellowstone remains one of the country's most popular national parks with millions of annual visitors but only a small percentage enter into the backcountry. From there, you get to see the true meaning of the park wildlife and vastness.
